An emergency meeting of the North Carolina State Board of Barber Examiners was called to order at 8:47 p.m. on April 14, 2016 by teleconference for the purpose of considering a matter affecting public health under N.C.G.S. § 150B-3(c).

The following board members were present by telephone during the meeting: Don Beal, Lance Crumley, and David Hood.

Dennis Seavers, Executive Director, and Joanna Lewis, Inspector, were also present by telephone.

Ms. Lewis presented the facts about Barber's Barber Shop at 849 South 17th Street in Wilmington. She had received information that the barber shop did not have running water, so she inspected the shop on March 31, 2016. There was no shop permit hanging up, although she confirmed that the shop is licensed. However, there was no

running water in any part of the shop. She issued a warning to the shop and gave a failing sanitation grade. The next day, she went back to the shop, which was open and still did not have running water, so she issued a second warning. On April 13, she went back to the shop. It was open and still had no running water, so she issued a violation. Finally, she went by the shop on April 14, and it was open. Ms. Lewis answered questions from the board members.

Mr. Beal made a motion to determine that the lack of running water at Barber's Barber Shop represented a threat to public health requiring emergency action for the protection of the public, and to immediately suspend the barber-shop permit. The suspension would be lifted once the inspector verified that water had been turned back on. Mr. Hood seconded the motion, which passed unanimously.

Mr. Beal adjourned the meeting at 9:07 p.m.
